

Community Meeting Notes

Meeting commenced @ 7:02pm

Sally Quimby made a presentation about & passed out a booklet on: Key Concepts in Working with & Being a Volunteer

A key point is giving volunteers enough to keep them busy but not so much as to burn them out - see booklet

7:17 Carol Yamada reiterated that the Hamlet's Key Goal is to create a conceptual plan for the Hamlet.

Concern was expressed about how detailed the plan would be & about having it be so specific as to include definitive streets & roads. It was reiterated that the intent is for the conceptual plan to be a broad brush plan with "fuzzy lines". Some discussion and consideration will need to be made for roads etc. BUT NOT anything set in concrete.

COMMITTEES: The Hamlet will initially have 4 committees. VISIONING, OUTREACH, BY-LAWS (as needed), & FINANCIAL

There was some discussion about Visioning and concerns were expressed about the Visioning Process, one member stated that we need to remain committed to the process. It was suggested that we get back in contact with Elaine Hallmark of the OREGON CONSENSUS PROJECT.

7:36 The group broke out into committee sessions.
