“No Contact” letter

Sally reported we had gotten 15 responses from the letter that went out with survey to those with whom we have had no contact since June 2006. An additional 10 were returned for not at address.

Next step to get email addresses

Now that we have info back from letter with survey, those with phones and no email addresses will be called to obtain any email addresses. There are only 32 people for whom we have only phones: a major positive difference from last year! Sally will call these within the next few weeks.

Outreach help with fundraising activities

Sally is meeting with Finance group to assist with the outreach for the fundraising activities happening in September. There is another meeting on July 24; all are welcome to attend. Once we know what Outreach needs to do to help with this, Sally will do an email to outreach members about the plan.

Next meeting

Dependent upon Fundraising needs and the agenda for the Sept Town Hall meeting (9/15).

Respectfully submitted,

Sally Quimby
Outreach Coordinator
